

KASA

**A Resource Guide to
Superintendent Experience**
by subject area

KANSAS ASSOCIATION OF SCHOOL ADMINISTRATORS (KASA)

The Kansas Association of School Administrators (KASA) is pleased to offer *A Resource Guide to Superintendent Experience* for administrators. The information contained in this publication was self-reported by Kansas superintendents during a recent survey conducted by KASA.

Superintendents were asked to identify, by subject, areas of expertise from thirteen (13) major categories and were able to report additional areas of expertise. Where possible, the contact information provided is effective and accurate for the **2007-2008 academic year**.

KASA would like to thank administrators who participated in the Superintendents Skills Inventory survey. We believe that this will be an invaluable resource for new and continuing administrators seeking professional assistance and guidance from their colleagues and will enhance the association's ability to better utilize our most valuable resource – our administrators.

Cheryl L. Semmel, Executive Director
515 S. Kansas Avenue, Suite 201
Topeka, Kansas 66603
